

In Memory of Dr. John Baskerville

Dr. John Baskerville was a unique individual whose quiet sense of humor and profound interest in students in the Bird community endeared him to all who knew him.

Even after his retirement, he continued to be involved in the lives of his students as he attended LCB events. He looked forward to being seated at the head table of the annual Hall of Fame banquet and offering his support and congratulations to the inductees.

Dr. Baskerville was able to find something positive in each individual. As a school administrator he projected this belief into decisions he made for his students. He believed strongly that with a positive attitude, the power of education could enable his students to achieve their dreams. Coming from Southside Virginia he followed his own dreams as a teacher and central office administrator before ultimately leading L.C. Bird as principal.

His presence will continue to be felt as the outstanding accomplishments of those inducted into the Hall of Fame are acknowledged. Surely he smiles as he looks down upon the accomplishments of all the L. C. Bird students as well as the staff and volunteers who guide them.
